ATRON was born in Bodegas Puelles in 2013 to offer our customers a high quality white wine at a reasonable price. By not using any DO, it allows us to acquire the best quality wherever it is

The variety has its origin in France but is present in many countries. It is one of the finest varieties for white wines, it has certain similarity with Viura and Verdejo in terms of fresh acidity, greenish citrus flavors but with more elegance if the grape has had a good maturity
